

INDUSTRIAL FASTENERS
MANUFACTURER

BUILT FOR
STRENGTH
& PRECISION

Company Overview :

Shri Bhagwati Fasteners is a trusted manufacturer and supplier of industrial-grade fasteners, delivering high-strength and dimensionally accurate components for engineering, construction, automotive, electrical, fabrication, and heavy machinery sectors. Our products are designed to meet national and international quality standards with consistent performance, durability, and precision. By combining modern production technology with proven industry experience, we ensure reliable, long-lasting fasteners that support critical industrial operations.

Vision:

To be recognized globally as a trusted name in nuts, bolts, and custom fastening solutions by setting new benchmarks in quality, innovation, and sustainability.

Mission:

To deliver precision-engineered, high-quality fasteners that ensure reliability and safety in every industrial application built through technology, craftsmanship, and customer trust.

Our Capabilities:

We offer a full range of industrial fasteners manufactured using advanced machining, threading, heat-treatment, and finishing processes.

Our Production Involves:

- Precision manufacturing and threading systems
- High-grade materials and coatings
- Automated and semi-automated production lines
- Strict dimensional inspections and quality checks

Our facility is equipped to handle bulk orders, custom orders, and project-specific fastener solutions.

Our Strengths:

ISO-Grade
Manufacturing

Skilled Technicians
& Engineers

ASTM, DIN &
PED standards

Quality assurance and
on-time delivery

Our Commitment to Quality:

Quality is at the core of everything we do. Shri Bhagwati Industries follows a strict Quality Management System certified under:

Product Range:

Studs &
Threaded Rods

Allen Bolts

HEX Bolts /
Hex Screws

Hex Nuts

Washers

Keys

Foundation
Fasteners

Grub Screw

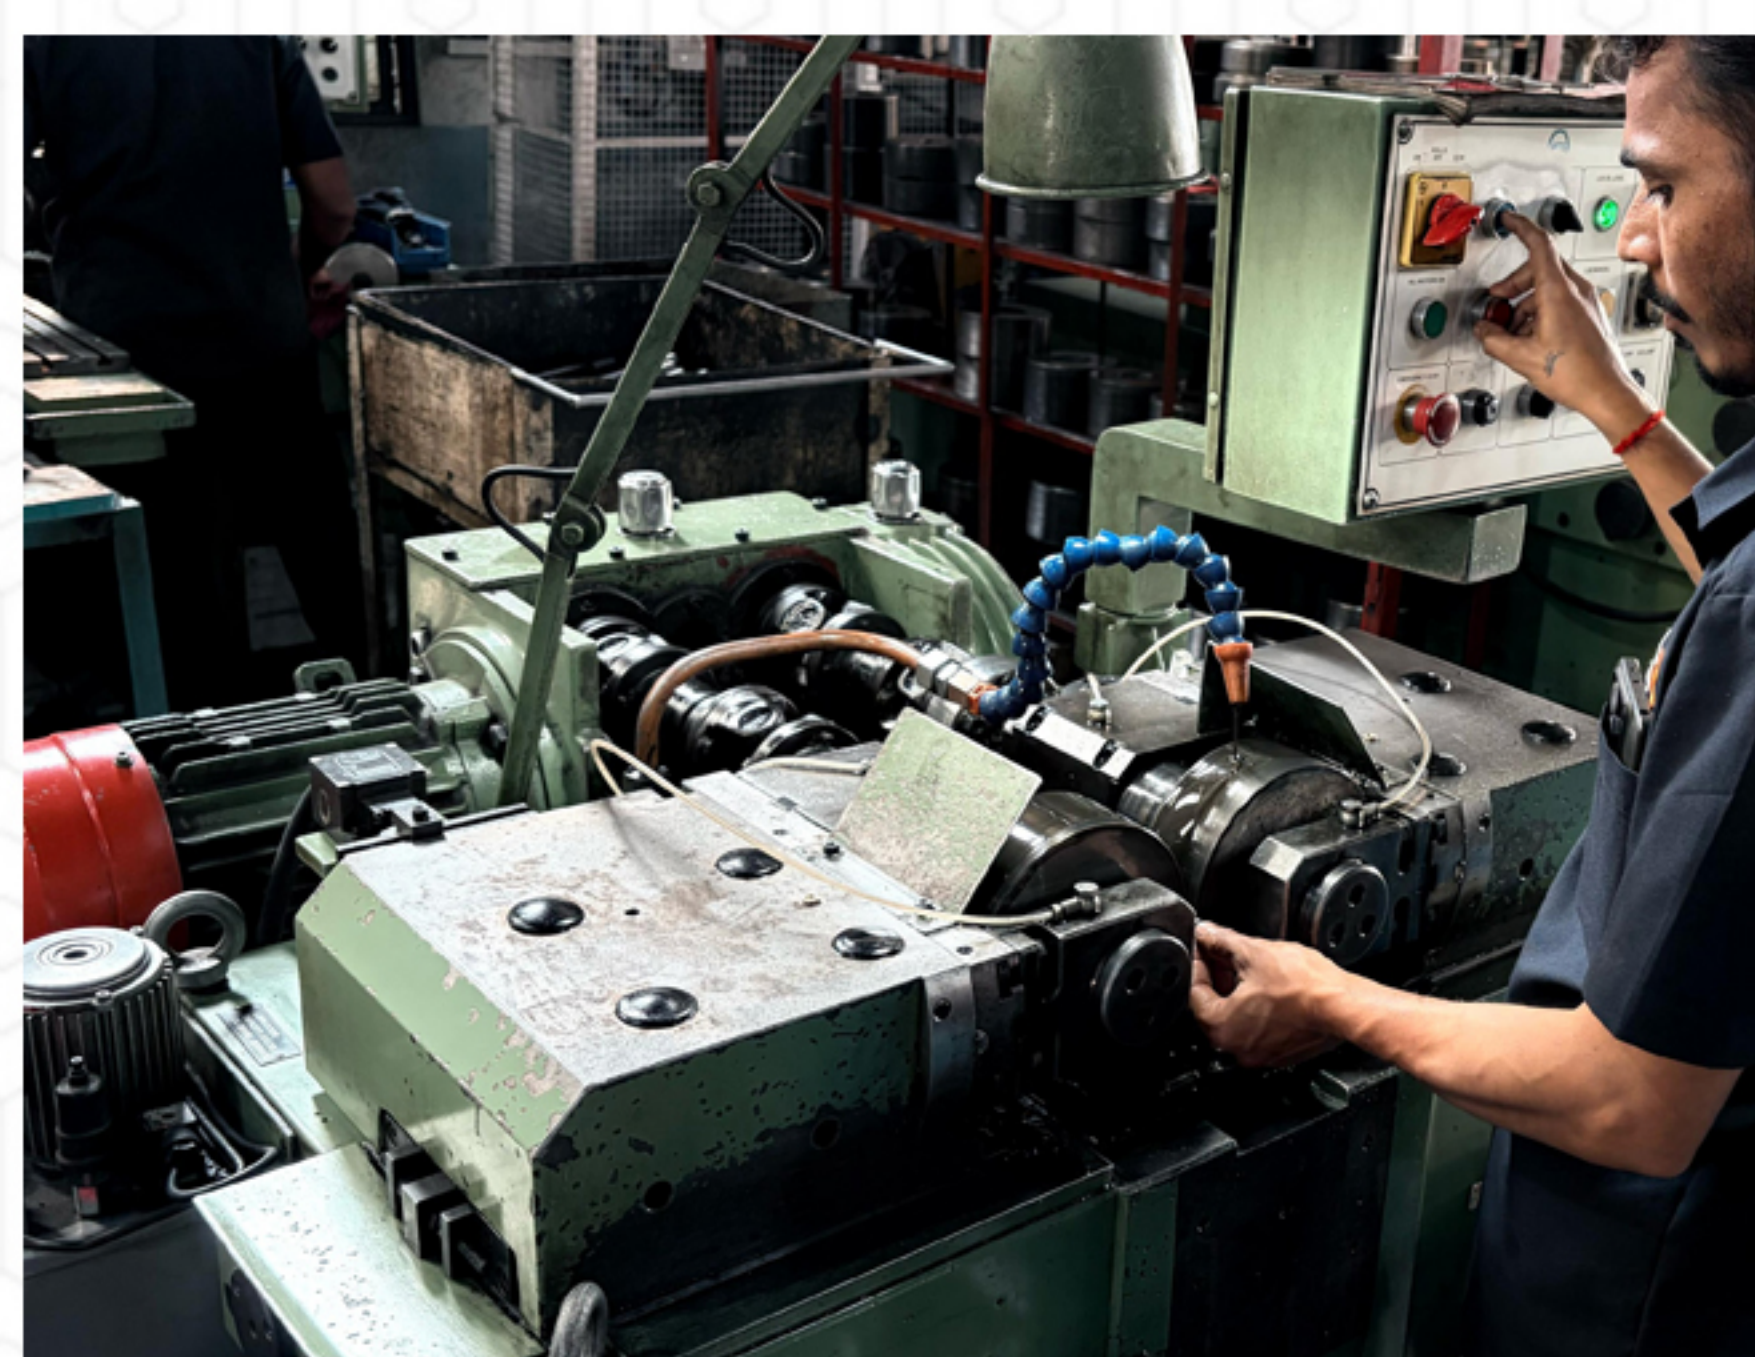

Custom &
Exotic Fasteners

We're a leading industrial fasteners manufacturer in
Maharashtra, India

Raw Material Storage :

Manufacturing Facility :

Machining & Forging :

Heat Treatment, Inspection & Testing :

Coating We Use:

SR. NO.	COATING NAME	STANDARD
01	Phosphating / Blackodising	
02	Electro Zinc Plating (with optional Hydrogen De-Embrittlement) - (colour White - Yellow)	ASTM B633
03	Silver Plating	ASTM B254-B700
04	Zinc Phosphate Coating / Manganese Phosphate Coating)	ASTM F1137.
05	Nickel Plating	ASTM B689
06	Zinc + Nickel Plating	
07	Hot-Dip Galvanizing	ASTM A153, ISO 1461 & ISO 10684.
08	GEOMET 321 or 500	ASTM F1136
09	Electro Zinc/Nickel Plating	ASTM B841
10	Electro less Nickel Plating	ASTM B733
11	PTFE - Fluorocarbon Coating	Xylan 1070 Blue / Green / Red/Yellow
12	PTFE - Fluorocarbon Coating	Xylan 1014 Blue / Green / Red / Yellow
13	PTFE - Fluorocarbon Coating	Xylan 1024 Blue / Green / Red/Yellow
14	Ceramic Filled Fluorocarbon Coating	Xylar 1 or Xylar 2 and Xylan 1070 Blue
15	Pickling & Passivation	ASTM A380

Industries We Serve:

Construction & Infrastructure

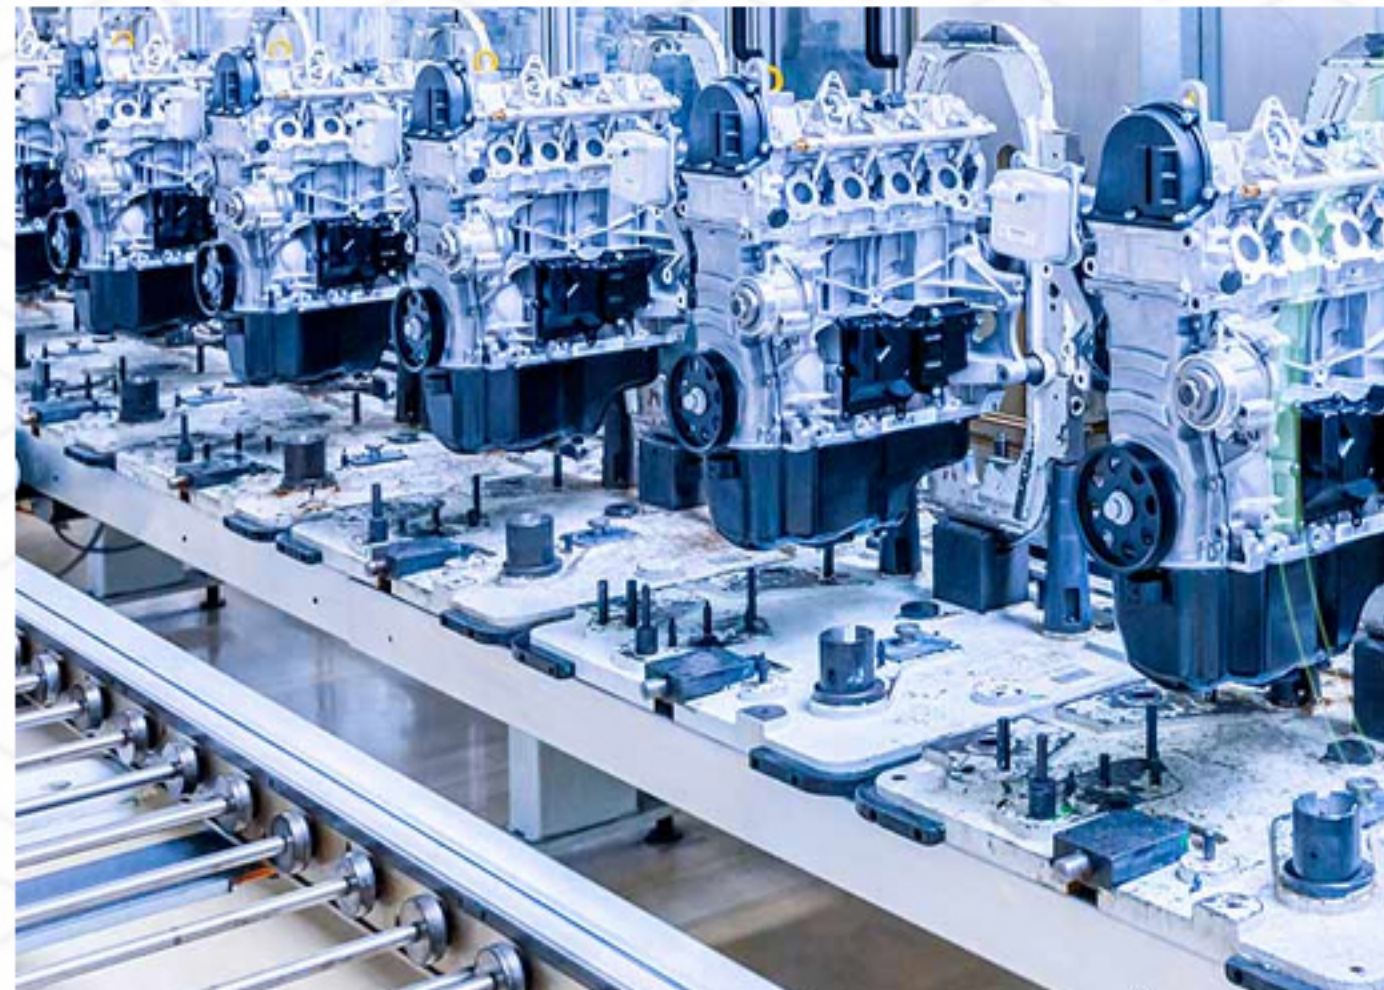

Pump and Valve Industry

Engineering & Fabrication

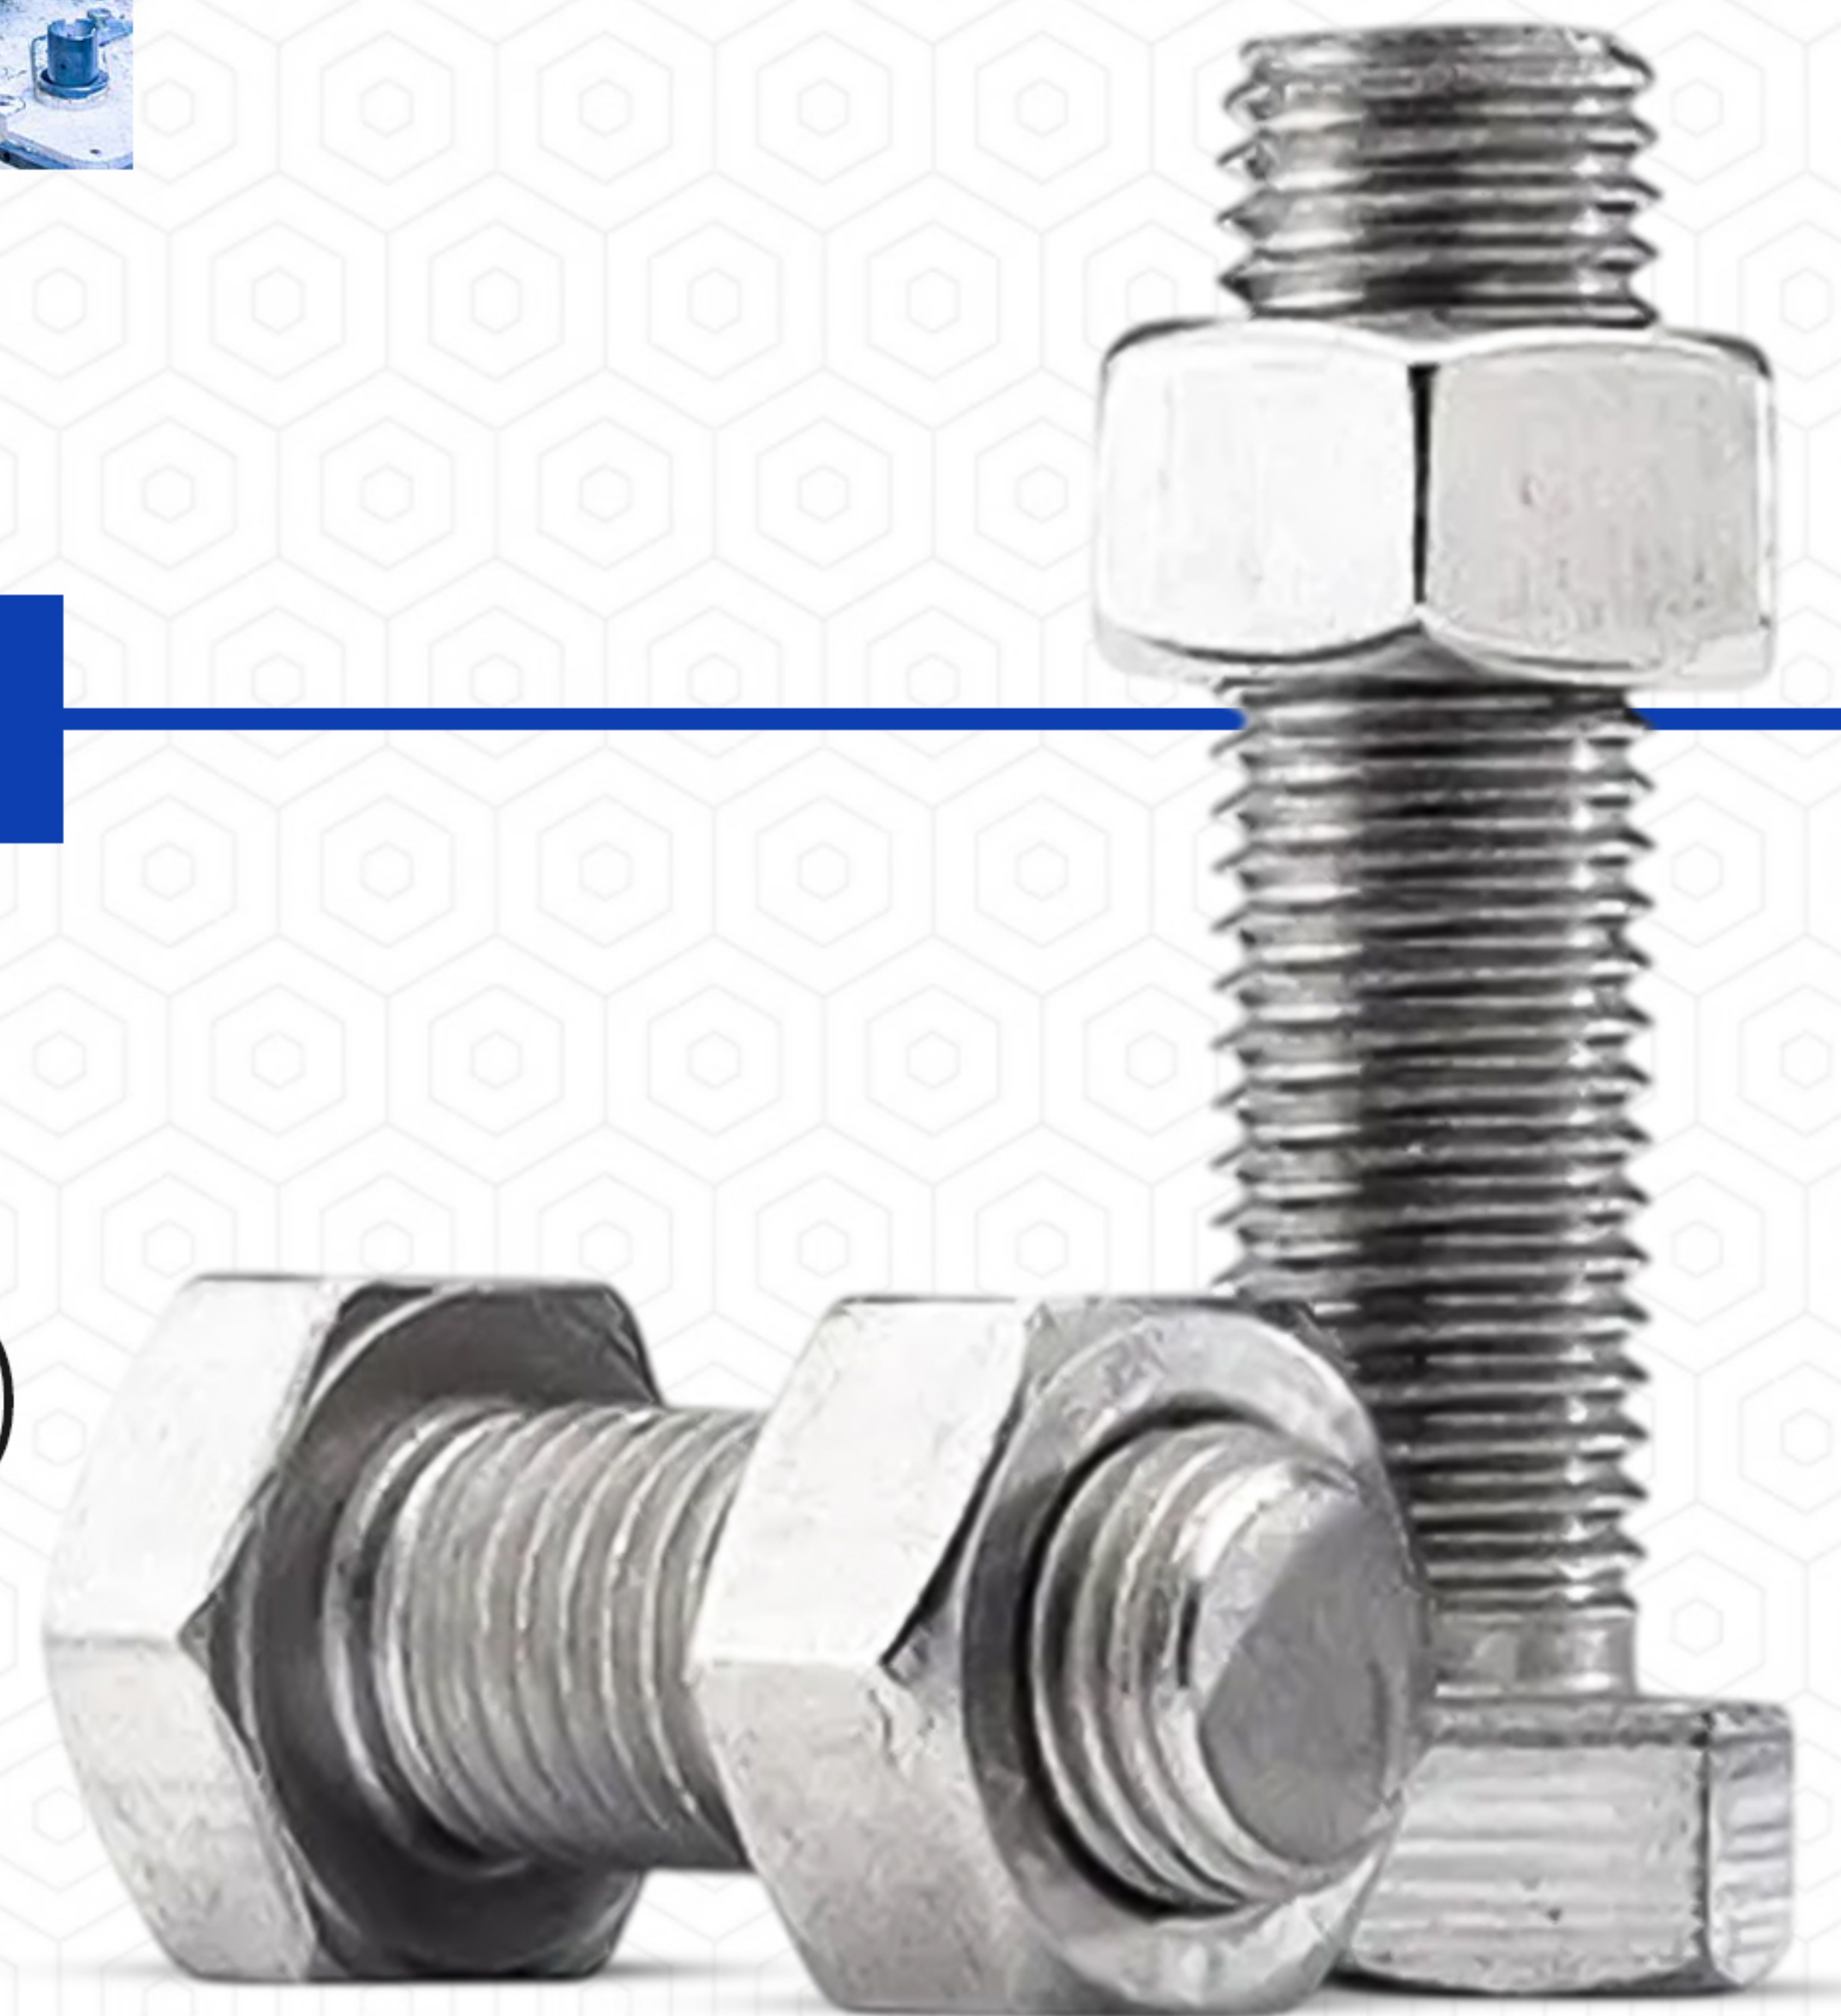

Railways & Transport Engineering

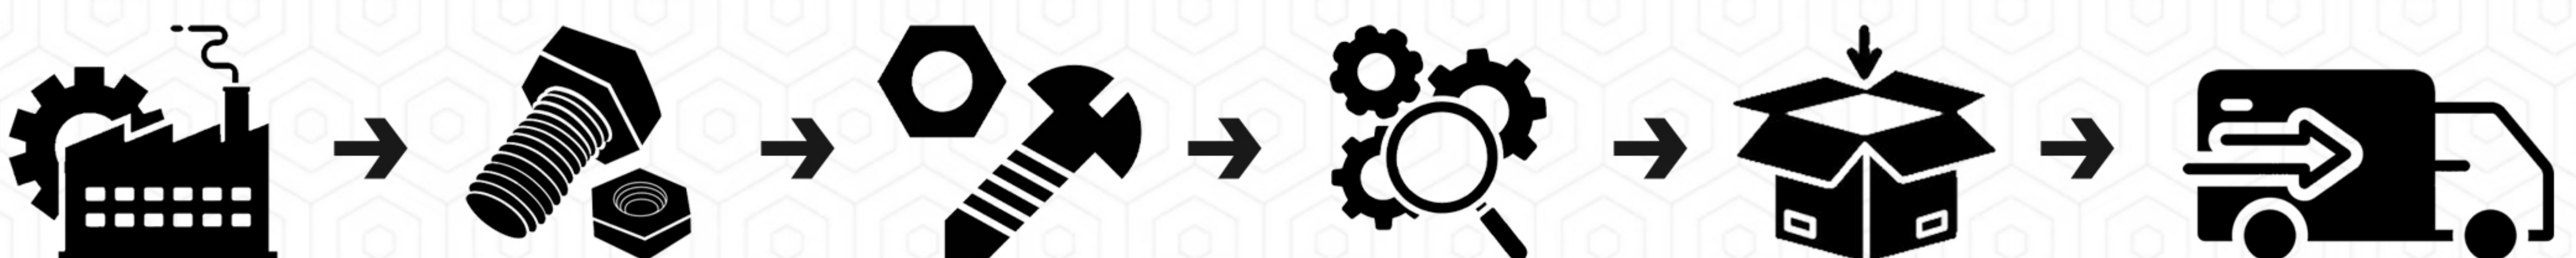

Industrial Machinery

Materials We Work With:

- Mild Steel (MS)
- Stainless Steel
- High-Tensile Grades (8.8, 10.9, 12.9)
- EN Series Steel
- Coated/Galvanized Materials

Our Process:

Manufacturing → Threading → Coating → Inspection → Packaging → Dispatch

Reliable
Fasteners
for Every
Industrial
Need.
